

## Summary

- Packages differ in overall area, types of MPAs, and level of protection – especially area in SMRs (ranging from 5 to >17%)
- Packages 1, 2 and 3 have converged since January, reflecting stakeholders efforts to meet guidelines and minimize impacts as per BRTF request
- Still areas of divergence driven by ecological and economic tradeoffs and preferences of non-consumptive and consumptive users

## Central Coast Subregions for Analysis and Display Purposes

### 7 Subregions:

Pigeon Point to Capitola

Capitola to Monterey Breakwater

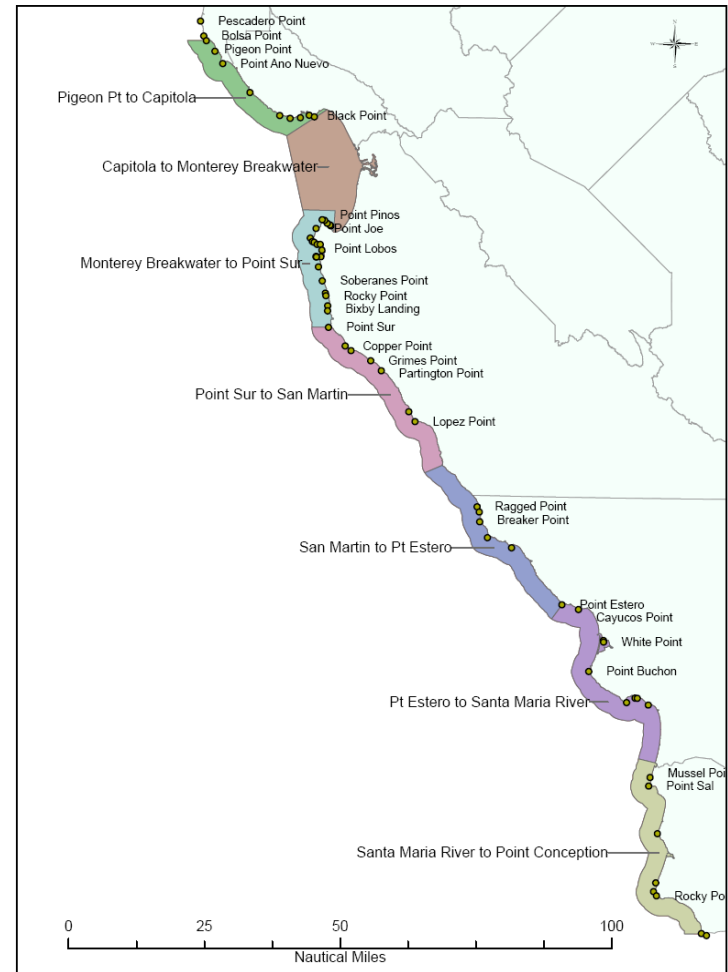

Monterey Breakwater to Point Sur
